DEVELOPMENTAL COURSES

Ursuline College has developed courses to assist students to enhance their opportunities for success, if prior testing, grades, or placement tests have indicated the need.

Students with demonstrated needs (see Admission Decisions, Program for Academic Success), are required to take the following courses (please see Undergraduate Academic Programs for course content descriptions). Students will be notified of the need for this requirement after they have taken placement testing.

- **EDL 099, Education Learning Community** (3 credit) is a prerequisite to formal admission to the Education program. It is a Pass/No Credit course, and the credit will not count toward graduation credit requirements. It will, however, count toward a student’s full time credit load.

- **EN 100A, College Reading and Study Skills** (3 credits) is prerequisite to US 313A Transitions I. It is a Pass/No Credit course, but credits will be counted toward graduation credit requirements and will contribute three credits to the student’s full time semester credit load.

- **EN 100B, College Writing Skills (3 credits)** is prerequisite to US 313A Transitions I. It is a Pass/No Credit course, but credits will be counted toward graduation requirements and will contribute three credits to the student’s full time semester credit load.

- **MAT 099, Basic Mathematics** (3 credits) is a prerequisite to MAT 114, Algebra, and MAT 125, Quantitative Reasoning. It is a Pass/No Credit course, and credits will **not** be counted toward graduation, but will count toward a student’s full time semester credit load.

- **SC 099, Introduction to Physical Science** (2 credits), is prerequisite to Stage I Science. It is a Pass/No Credit course, and credits will **not** be counted toward graduation, but will count toward a student’s full time semester credit load.

- **SC 100L, Introduction to Physical Science Laboratory** (1 credit) is a co-requisite for students taking SC 099. It is a Pass/No Credit course, and the credit will count toward graduation credit requirements. It will also count toward a student’s full time credit load.

Grades in these courses will not be included in calculating students’ permanent overall grade point averages. However, they will be used to determine probation and dismissal. Students will receive 4 quality points per credit for a grade of PA, 3 quality points per credit for a grade of PB, and 2 quality points per credit for a grade of PC. Any grade lower than a C will receive no quality points, and thus may result in a student’s probation or dismissal.
