Ursuline College Advising Mission

The mission of the college gives direction to the mission of the Advising function at Ursuline College. First and foremost, advising serves to guide the student as she/he strives to attain the goal of academic excellence. The advising function takes place in a one-on-one context where the student receives individualized academic counseling. Advisors are interested in helping the student integrate all the dimensions of life: the intellectual, aesthetic, social, psychological, physical, and spiritual.

Advisors encourage students to interact with their professors and with other students in order to learn in a collaborative, active way. Advisors use a developmental approach to advising as they foster growth of the whole person and stimulate students to search not just for knowledge but for wisdom.

Further, it is often within the setting of advising that students are challenged to develop leadership potential and to consider what contribution they can make to the service of society.

Ursuline College Mission

Ursuline College offers holistic education that transforms students for service, leadership and professional excellence by providing undergraduate and graduate programs that foster lifelong learning and personal wisdom in an environment characterized by:

- Catholic and Ursuline heritage
- Women-centered learning
- Values-based curricula
- Inclusive, global perspective.
