

*Where are they now?*

**URSULINE ART & DESIGN GRADUATE SPOTLIGHT**

.....

**URSULINE...**  
*taught me artists  
are employable*

**NINA JACOBS** *class of 2015*  
*freelance artist and art teacher*

Ursuline helped me grow as a leader and a woman. Joining the Ursuline community as a freshman, I was shy. However, by my senior year, I had both a voice and confidence. Overall, through my experience I was able to make lasting connections with many different people. Being that it's a small campus, Ursuline allows students to have a very personal education. As an art major, Ursuline has opened many doors for me. My teachers were wonderful role models, helping me become a professional artist outside of college. By senior year, I was ready for the annual Senior Art Show, which was a life changing experience. I have the skills and techniques I need to continue to master my craft as well as how to network and showcase my art. My teachers helped open doors to different opportunities, and for that I am very thankful.
