

Ursuline College Volunteer Day

Saturday, October 25, 2014

Are you out of town? Do you want to be a part of Ursuline College Volunteer Day? Here's how:

When students graduate from Ursuline College, they leave with a sense of social responsibility. Since 2011, Ursuline has been taking part in a campus wide Volunteer Day to help organizations throughout the Northeast Ohio area. Many graduates who are not in NE Ohio would still like to be a part of the day and we would love you to be a part of it to!

On October 25, hundreds of Ursuline alumnae, students, faculty, staff, Board of Trustees and friends of the College will pick up shovels and trash bags, serving spoons and paint brushes all in the name of improving their communities.

If you happen to live out of town and want to participate, we ask that you serve your community the week of October 19 at the organization of your choice.

Be sure to email/call the Alumnae Office to let us know your name, where you volunteered, etc. If you let me know in advance, I can send you a t-shirt to wear the day you serve. After our event on October 25, we will tally our volunteers from near and far and showcase the wonderful campus we have all over the country!
