H.E.L.P. (Hope, Educate, Love and Protect), is an organization dedicated to sustainable primary education in impoverished African regions. The organization believes it is every child’s birthright to receive hope for a better future, education to grow, unconditional love, and protection from disease and illness.

Ursuline helps students achieve their educational and career goals by emphasizing the whole person and providing personalized attention within a liberal arts higher educational environment. While welcoming persons of all faiths, the College is Catholic in its origins, identity, and environment. Ursuline’s administration recognizes the importance of H.E.L.P. Malawi and values how closely the organization aligns with the College’s mission, and core values that include focus on students, commitment to spirituality, respect for the individual and collaboration. The partnership between Ursuline and H.E.L.P. Malawi continues to grow through collaboration on future projects and opportunities for support.
