In general the agenda and presentations by the witnesses
I liked listening to stories of St. Angela’s life and how even today we are still following her visions.
I enjoyed learning more about St. Angela, also meeting other colleagues. It was very interesting and informative.
The presentations were excellent and loved that it was from Noon to 1:00 p.m.
Enjoyed getting together with people I don’t see and hearing the speakers’ perspectives on St. Angela.
I’m really glad you invited an array of speakers with different perspectives. Everything worked, the flow of the meetings was perfect.
It was a nice group to be a part of.
