

# Schedule of Classes and Information Undergraduate Fall 2017

## **Emergency Text-Messaging System**

Ursuline College's emergency text-messaging system, *URSalert*, has been established to provide timely notification of emergencies to all members of the College community.

In order to receive such communications, students, faculty, and staff must sign up for the service on *My Ursuline*

([http://www.ursuline.edu/Campus\\_Resources/Facilities/ursalert.html](http://www.ursuline.edu/Campus_Resources/Facilities/ursalert.html)).

When you sign up, please keep the following in mind:

- A cell phone with text messaging capability is required. The objective is to reach you when you are away from campus or not at a computer with access to e-mail.

*URSalert* will be activated for the following situations:

- College Closings or Delays – due to weather, power failure, or any other emergency requiring that the campus be closed or its opening delayed.
- Campus Emergencies – such as fire, intruders, or any other campus-based emergency requiring notification to all members of the College community and that may or may not include closing the campus.
- Crime Alerts – such as thefts or assaults.
- Other Emergencies – judged by the administration to require immediate notification to the College community.

### **Additional Information regarding registering for the Emergency Text-Messaging System**

- To sign up, you need to have your phone *with you* to receive and respond to a validation message. You will receive a text message with a validation code and then you will go back into MyUrsuline where it will ask you for that code. Type it in and you should be all set.
- The sign up page asks for an 'opt out by date.'

**Students:** Choose your anticipated graduation date or date you expect to be leaving Ursuline.

Ursuline College reserves the right to cancel and/or change course offerings without prior notice

## FEDERAL SATISFACTORY ACADEMIC PROGRESS FOR FINANCIAL AID RECIPEINTS

---

Federal Regulations require that Ursuline College establish and implement a policy to measure whether students applying for and/or receiving financial aid are making satisfactory academic progress (SAP) toward a degree. This rule applies to all students applying for aid, whether or not financial aid has been previously received. There are both quantitative (maximum time frame/completion rate) and qualitative (cumulative grade point average) measures in determining SAP for federal, state, and institutional financial aid. **Not meeting these requirements may result in loss of all financial aid.** Below is an explanation of these requirements:

### Monitoring of academic progress

Students' progress will be reviewed after grades are finalized each fall, spring, and summer semester to determine if the student is eligible to receive financial aid for subsequent enrollment periods. Although Ursuline College will send notifications to the student, the student is fully responsible for monitoring their own academic progress as it relates to financial aid eligibility. The student should review their grade report each semester and compare it to the standards set forth in this SAP policy to determine if they are meeting (or failing to meet) the established criteria.

Evaluations will be done in a timely manner, however the next term may be in progress at the time we are able to notify students of their ineligibility. Should the student be concerned that they may not have met the requirements, they may contact the Student Service Center during normal business hours.

Students will be notified via their Ursuline e-mail accounts if they have failed the measurement. Students may appeal the decision.

### Credit hour Requirement

Undergraduates: Students must successfully complete a minimum of 70% of the total number of hours for which they are enrolled after the drop/add period (first week of the semester). All courses for which you are registered after the drop/add period of the semester are counted as an attempted course whether you withdraw from, receive a failing grade for, or otherwise fail to complete the course. A cumulative (all attempted coursework) completion rate of 70% must also be maintained. To determine the number of credit hours you are required to successfully complete during the semester or cumulatively to remain in compliance, multiply the number of hours for which you are/have enrolled at the end of the drop/add period of the semester by 0.70 (70%) rounded down to the nearest whole credit hour. For example:

Registered (Attempted) Hours	Required Hours to be Completed
6	4 (70% x 6 = 4.2)
15	10 (70% x 15 = 10.50)
32	22 (70% x 32 = 22.4)
75	52 (70% x 75 = 52.5)
112	78 (70% x 112 = 78.4)

Accelerated – UCAP: For SAP purposes student enrollment is viewed on a per semester basis, not per term. Students must successfully complete a minimum of 70% of the total number of hours for which they have registered for each semester and cumulatively (fall, spring and summer). See Undergraduates above for more details.

Graduate/Professional: Students must successfully complete a minimum of 80% of the total number of hours for which they are enrolled after the first week of the semester and cumulatively. See Undergraduates above for more details.

Successful completion of a course for all students, for purposes of SAP calculations, are grades of A, A-, B+, B, B-, C+, C, C-, D+, D, D-, P (Pass Credit or Developmental Courses). All other grades, including F, Withdrawal (W), I, (Incomplete), R, (Repeated), and NC (No credit or Pass no credit) will not be counted as a successful completion.

Incomplete (I) grades are counted as unsuccessful attempts. Only an incomplete that has been changed to an A, A-, B+, B, B-, C+, C, C-, D+, D, D- or P can be added to the number of hours completed for the term of the original registration. It is the students' responsibility to notify the Office of Financial Aid once an incomplete grade has been changed to a valid grade.

### Cumulative Grade Point Average Requirement

Your cumulative grade point average (GPA) must be equal to, or higher than, the standard established by Ursuline College. The specific requirements are as follows:

	<u>Hours Attempted</u>	<u>GPA Required</u>
Undergraduates	0-24	1.70
	24.1 – 48	1.90
	48.1 +	2.00

Graduates

Must maintain a minimum of at least a 2.5 GPA

### Maximum Time Frame for Eligibility

Students are required to complete their degree requirements within a specific time frame. Federal regulations require that students complete their degree program by the time they have attempted 150% of the hours normally required for the completion of the degree. For example:

Undergraduate programs that require a total of 128 credit hours must be completed by the time students have attempted 192 credit hours (128 x 150%).

The 150% maximum time frame allowance for completion of the program is intended to be long enough to allow for changes in major, loss of credit due to transfer, withdrawn coursework, minor, double majors, etc.; therefore no extensions of the maximum time frame will be granted for those reasons.

### Transfer Students

Transfer students are awarded aid first semester without regard to probation status at the prior post-secondary institution. Academic progress will be reviewed to determine the status of each student in relationship to her/his program's maximum time frame. Once transfer credits are posted, they will be considered in our next SAP review. Transfer hours will be included in the cumulative number of hours earned and attempted.

### SAP – Warning

Students who fail to meet SAP will be placed on Warning for the next semester. A Warning period will last for one semester. Students who fail to make SAP while on Warning will lose all eligibility for financial aid and be placed on SAP Probation. **Any student with a cumulative grade point average below a 1.2 is not eligible for the Warning period, but will have all aid automatically cancelled and placed on SAP Probation.**

### SAP – Probation (loss of aid eligibility) and the Appeal Process

Students who have lost eligibility for financial aid (in SAP – Probation status) may appeal that decision by following the procedures outlined below. Those wishing to utilize this process must be able to document mitigating circumstances that occurred during the course of the semester in question, that could not have been anticipated prior to that period, and that adversely affected their ability to successfully complete their required coursework. (Events such as the death of an immediate family member, extended illness suffered by the student, or other unforeseeable events that may have caused significant hardship for the student may be considered as examples of mitigating circumstances.) A student may not appeal for exceeding the maximum time frame allowed unless they are second degree seeking. To appeal, a student must:

1. Submit a signed and dated letter of appeal detailing your mitigating circumstances within 15 days of the date of notification of ineligibility.

2. Attach complete third party documentation from a reputable source (e.g. doctor, counselor, family service, police, etc.) that has knowledge of both your personal situation and of the mitigation circumstances that you are claiming. Documentation should not only indicate the mitigation circumstance that caused you to have academic problems during the semester, but also must clearly indicate that the circumstances that caused the problems have been rectified so that you will be able to successful in future terms. Appeals submitted without proper third party documentation will not be reviewed and will be returned to you.
3. In most cases, the SAP Appeals Committee will render a decision within 2 weeks of receipt of a fully completed Appeal. All decisions of the SAP Appeals Committee are final. Notification of the decision will be sent via the students Ursuline e-mail account.
4. For SAP Appeal approvals financial aid will be awarded for the next semester on a Warning period or Warning with an Academic Plan period.
5. For SAP Appeal denials, financial aid will be cancelled and student will be placed on SAP Probation until they have regained full eligibility.
6. Terms and conditions of appeal approval will be included in the notification letter.
7. Mail or drop your SAP Appeal or documentation to: The Office of Financial Aid, Ursuline College, 2550 Lander Road, Pepper Pike, Ohio 44124.

### **Regaining Financial Aid Eligibility**

Students can regain full eligibility for financial aid by successfully completing coursework while in SAP Probation status that will raise their cumulative GPA to meet or exceed the minimum required for their total attempted hours, and raise their overall Cumulative Completion Rate for all coursework attempted to the 70% level. Students who are ineligible to receive financial aid may use one or more of the following payment options while attempting to regain eligibility: student's own resources, Ursuline College Payment Plan, and/or Alternative/Private Educational Loans. Students who have taken the necessary measures to regain eligibility for financial aid must contact the Office of Financial Aid immediately upon doing so and apply for Reinstatement of Eligibility. Students' academic performance will then be reviewed, and if all required SAP criteria is met, full financial aid eligibility will be reinstate, effective the following semester.

## **FEDERAL REFUND POLICY FOR STUDENTS RECEIVING FEDERAL ASSISTANCE**

---

Any student receiving federal aid who withdraws **completely** from Ursuline prior to completing 60% of the semester will have refunds of aid returned to the student financial aid programs calculated by the Federal Formula for Return of Title IV Funds as specified in the federal regulations.

### **Definitions**

Federal financial aid includes Unsubsidized Stafford Loans, Subsidized Stafford Loans, Perkins Loans, PLUS Loans, Federal Pell Grant and Federal SEOG Grant.

Withdrawal Date is defined as the actual date the student began the institution's withdrawal process, the student's last date of recorded attendance, or the midpoint of the semester for a student who leaves without notifying the institution.

### **Recalculation**

Recalculation is based on the percent of earned aid using the following formula:

Percent-earned equals:

Number of days completed, up to the withdrawal date, divided by total days in the semester.

Federal financial aid is returned to the federal government based on the percent of unearned aid using the following formula:

Aid to be returned (unearned aid) equals:

100% minus Percent earned) X the amount of aid disbursed toward institutional charges

---

If less aid was disbursed than was earned, the student may receive a late disbursement for the difference. If more aid was disbursed than was earned, the unearned amount of Title IV aid must be returned.

When aid is returned, the student may owe a debit balance to the Ursuline. The student should contact the Student Service Center to make arrangements to pay the balance.

---

The actual refund returned to Student Financial Aid Programs is distributed in the following order, as prescribed by Federal Laws and Regulations:

1. Unsubsidized Federal Stafford Loan
2. Subsidized Federal Stafford Loan
3. Federal Perkins Loan
4. Federal PLUS/Grad PLUS Loan
5. Federal Pell Grant
6. Federal ACG Grant
7. Federal SMART Grant
8. Federal SEOG
9. Federal TEACH Grant

## Is an Online Course for You?

Please ask yourself the following questions before you register for an online course. If you can answer yes to most of them, then you will likely be well-suited for an online course. If not, then you may want to stick with courses in the traditional format.

- 1) Am I comfortable with computers?
- 2) Do I have my own up to date computer or ready access to one if I can't work on the computers on campus?
- 3) Do I have a high-speed Internet connection if I won't be working on the course from a campus computer?
- 4) Am I self-disciplined?
- 5) Do I manage my time well?
- 6) Can I work independently?
- 7) Will I miss being in a classroom with other students?
- 8) If the course meets at designated times online, can I meet those expectations?
- 9) Can I meet deadlines without being continually reminded of them by an instructor?
- 10) Do I like to write?
- 11) Do I have software such as *Microsoft Office* on my computer that will enable me to open course documents, files, or presentations, as well as to submit course papers, files, and projects?
