Ohio Educator Preparation Provider Performance Report Ursuline College

Ohio Teacher Evaluation System (OTES) Results for Ohio Teachers Prepared by an Ohio Educator Preparation Provider at Ursuline College

Reporting Period from Sept 1, 2018 to Aug 31, 2019
(Data Source: Ohio Department of Education)

Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's school districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results is actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2015, 2016, 2017, and 2018.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education.
3. Due to ORC 3333.041(B), annual results must be masked for institutions with fewer than 10 completers with OTES data.

Description of Data:

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2015, 2016, 2017, and 2018.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results is actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

Field and Clinical Experiences for Candidates at Ursuline College

Reporting Period from Sept 1, 2018 to Aug 31, 2019

(Data Source: Ursuline College)

Description of Data:

Ohio requires that educator candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported by Ohio Educator Preparation Providers.

Teacher Preparation Programs

Field/Clinical Experience Element	Requirements
Require edTPA National Scoring from candidates in teacher preparation programs at the institution	N
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	180
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	405
Average number of weeks required to teach full-time within the student teaching experience at the institution	16
Percentage of teacher candidates who satisfactorily completed student teaching	100%

Principal Preparation Programs

Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	9
Number of candidates who started internship	21
Number of candidates who completed internship	21
Percentage of principal candidates who satisfactorily completed internship	100%

Ohio Educator Licensure Examination Pass Rates at Ursuline College

Reporting Period from Sept 1, 2017 to Aug 31, 2018
(Data Source: USDOE Title II Report)

Description of Data:

Ohio educator licensure requirements include passage of all requisite licensure examinations at the state determined cut score. The reported results reflect Title II data, and therefore represent pass rate data solely for initial licenses. Further, because the data are gathered from the Title II reports, there is a one year lag in accessing the data. Teacher licensure pass rate data are the only reported metric for which the data do not reflect the reporting year 2018-2019.

As of 2013, the Ohio Assessments for Educators replaced the Praxis subject assessments for initial licensure. Some Praxis II assessments are still being reported because recent program completers took those tests in or before 2013.

2019 Ohio Educator Preparation Provider Performance Report Ursuline College

Value-Added Data for Students Taught by Teachers Prepared by Ohio Educator Preparation Providers at Ursuline College

Reporting Period from Sept 1, 2018 to Aug 31, 2019

Description of Data:

Ohio's value-added data system provides information on student academic gains. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). Schools can demonstrate through value-added data that many of their students are achieving significant progress. Student growth measures also provide students and parents with evidence of the impact of their efforts. Educators and schools further use value-added data to inform instructional practices.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2015, 2016, 2017, and 2018.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on Elementary and Middle School Tests (Grades 4-8) and End-of-Course Tests for high school credit.
3. For Educator Preparation Providers with fewer than 10 linked teachers or principals with value-added data, only the number (N) is reported.

Pre-Service Teacher Survey Results

Reporting Period from Sept 1, 2018 to Aug 31, 2019

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio candidates receive an invitation to complete the survey during their professional internship (student teaching). The results of this survey are reflected here. A total of 3,156 respondents completed the survey statewide for a response rate of 70 percent.

Ursuline College Survey Response Rate = 57.14%

Statewide Survey of Ohio Resident Educators'
Reflections on their Educator Preparation Program

Reporting Period from Sept 1, 2018 to Aug 31, 2019

Description of Data:

To gather information on alumni satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio Resident Educators who completed their preparation in Ohio receive an invitation to complete the survey in the fall semester as they enter Year 2 of the Resident Educator program. A total of 399 respondents completed the survey statewide for a response rate of 12 percent.

National Accreditation Status

Reporting Period from Sept 1, 2018 to Aug 31, 2019
(Data Source: Ohio Department of Higher Education)

Description of Data:

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the professional preparation of job applicants.

Excellence and Innovation Initiatives

Reporting Period from Sept 1, 2018 to Aug 31, 2019
(Data Source: Ursuline College)

Description of Data:

This section reflects self-reported information from Ohio Educator Preparation Providers on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

Teacher Preparation Programs

Initiative:	
Purpose:	Provide 5-year program leading to BA, MA, and eligibility to apply for Ohio Initial Teaching License
Goal:	Provide alternative approach to teacher education at the undergraduate level; increase enrollment of undergraduates pursuing a program leading to teacher licensure
Number of Participants:	19
Strategy:	Candidates enroll in any undergraduate major offered at Ursuline College that provides availability of using 12-15 credits as elective hours. Candidates pursue 12-15 hours of education coursework during their undergraduate program; number of credits dependent upon whether Phonics is required for the licensure program (early childhood; intervention specialist: mild/moderate needs; middle childhood). These 12-15 credits "bridge" the candidate into the Master Apprenticeship Program (MAP), our one-year intensive graduate program leading to the MA in Education and eligibility to apply for an Ohio Initial Teaching License. These credits in education at the undergraduate level mirror the courses pursued by MAP candidates who have not pursued our 4+1 Bridge Program. These candidates pursue the courses during Summer I. Upon earning the BA in the non-education major pursued, the candidate joins the MAP cohort for Summer II, and then pursues the remainder of the MAP year. The 4+1 Bridge candidates meet all MAP pre-requisite coursework and Gate 1 requirements.
Demonstration of Impact:	During 2018-2019, the inaugural year of offering the 4+1 Bridge program, 5 candidates were enrolled in the traditional education majors, and 2 were completers. In 2018-2019 fall semester, 11 candidates were enrolled in the 4+1 Bridge program, and that number increased to 13 for the spring semester. During the 2019-2020 fall semester, the total number of 4+1 Bridge program candidates increased to 19, with a slight increase anticipated for spring 2020. Thus far, the goal of the program, i.e., to offer an alternative approach to undergraduate education programs that would also increase enrollment of those pursuing an undergraduate degree at Ursuline with the intent of pursuing Ohio Initial Teacher Licensure is effective.

Principal Preparation Programs

Initiative:

Purpose: Help candidates better understand the interview process

Goal: Increase candidate familiarity of the interview process

Number of Participants: 60

Strategy: Three graduates of the Ursuline Education Administration program (who now occupy 3 different administrative positions) presented a panel discussion on interviewing and making job decisions. Candidates in the audience were able to ask questions to the panel at the end of the presentation. Program candidates responded positively to the presentation.

Demonstration of Impact:
