

2022-23 Bi-Annual Hazing Report

August 1, 2023

Ursuline College's 2022-23 Initial Annual Hazing Report is available on the College's website at the link shown below. This report is provided to you in compliance with the Ohio Anti-Hazing Act (Collin's Law) reporting requirements in the Ohio Revised Code. (R.C. § 3345.19(D)) Collin's Law has imposed new hazing reporting requirements for Ohio institutions of higher education.

As a result of this relatively new Ohio law, Ursuline College has adopted a Hazing Policy, which is linked here: [UC Hazing Policy rev 8-8-22](#). This Policy includes a definition of hazing, reporting requirements for suspected hazing, and penalties for violation of the College's prohibition against hazing. It also requires training of members of the college community, which was initiated with the online training module offered by Vector Solutions last semester.

The new law, applicable to public and private higher education institutions added two reporting requirements found in Ohio Revised Code § 3334.19. The first reporting requirement (the Initial Hazing Report) required colleges to post a summary report on the College's publicly accessible web site, of all reported incidents of suspected hazing, as well as determinations of hazing violations, over the past five years, to the extent to which the college maintained such records. This Report was published on January 15, 2023. This initial report is a five-year look back on all reported incidents of hazing, as well as actual violations of hazing, since October 7, 2021 (the effective date of Collin's Law). Beginning August 1, 2023, the College will maintain and publish a log, on its publicly accessible web site, which includes the following information:

1. The name of the subject of the report.
2. The date when the subject of the report was charged with a violation of the institution's policy or other state law regarding hazing.
3. A general description of the violation, and any investigation and findings by the institution, and any penalties imposed on the subject of the report.
4. The date on which the matter was resolved.

This ongoing report will be published *bi-annually* on January 1 and August 1. In compliance with the Family Educational Rights and Privacy Act of 1974

(FERPA), these reports will not include the personally identifying information of individuals.

2022-23 Annual Collin's Law: The Ohio Anti-Hazing Act Report
