Building Classroom Culture Certificate

Course Descriptions

EDI 571 Student Mindset and Classroom Management

To effectively run a classroom, teachers must understand the following content: 1) mindset & motivation, 2) learning skills, 3) respect for self, others, and property, 4) procedures, protocols, rules, and regulations, 5) Ohio school law. These basic concepts are explored in this course.

EDI 573 Managing Behaviors with SEL Strategies

This course aims to help teachers and students understand and manage their emotions, make responsible decisions, build and maintain relationships, and understand and empathize with others.

EDI 575 Building a Classroom Culture

This course explores several schoolwide and individual classroom discipline approaches. Participants will learn how to build equitable classrooms that emphasize safety and connection, where everyday interactions and conflicts become meaningful SEL learning opportunities. Several strategies for building procedures and routines and high behavioral expectations will also be incorporated.
